ATTACK INCOME TAX LAW

Constitutionality of the Measure Being Tested in U. S. District Court

ACTRESS IS PLAINTIFF

In the Test Suit Being Tried Before Judge Kenesaw Mountain Landis of Chicago—Gross Inequalities Alleged.

[ASSOCIATED PRESS TELEGRAM]

Chicago, Dec. 11.—The suit to test the income tax law was thrown out of the United States District court here today by Judge Landis, who decided that he had no jurisdiction.

The effect of this decision, which does not involve the constitutionality or unconstitutionality of the law, is to send the case direct to the Supreme court of the United States.

[ASSOCIATED PRESS TELEGRAM]

Chicago, Dec. 11.—Attack on the constitutionality of the income tax law was begun here today before Judge Kenesaw Mountain Landis in the United States District court for the northern district of Illinois.

The medium selected for the test is a suit at law in which Elsie Dewolfe, former actress, a citizen of New York, now resident at Versailles, France, is plaintiff, and the Continental and Commercial Trust and Savings Bank of Chicago is defendant. W. Bourke Cockran of New York and Colin C. H. Fyffe of Chicago, appeared for Miss Dewolfe, and Levy Mayor of Chicago for the bank.

Miss Dewolfe, owner of thirty of the Appalachian company's five per cent. bonds, was refused payment by the bank of interest due on the bonds December 1, last, because she had not filed the certificate of ownership which the bank contends is required by the income tax law. Her suit is for interest due and damages in the sum of $1,000.

In the presentation of his case, Attorney Cockran asserted that the law taxes only 423,000 persons out of a population of 90,000,000, which tax, he said, was imposed on them without their consent by the untaxed remainder of the population.

Even if congress has the right to impose this tax the lawyer said it was according to incomes with such gross inequalities as to violate the constitution.

His client's income, he said, was more than $20,000 a year on which she is taxed one per cent. on all in excess of $3,000, and an additional tax of one per cent on all above $20,000. He asserted that if this ratio were equitably pursued the income from

Share Your Fortune

AMID all the happiness and joys of the merry Christmas season, think of those less fortunate—of those on whom the sun of plenty has failed to shine during the past twelve months. Think of the heartaches that will be theirs on Christmas morning; think of the tear stained eyes of the little children weeping because Santa Claus could not call at their homes. Half of your pleasure at Christmas will be derived from making others happy, from sharing your good fortune and sowing seeds of kindness wherever you happen to be on Christmas Day. Give something, be it ever so trifling, to the little child to whom Christmas otherwise would mean nothing. You can keep tears of sorrow from those eyes and brighten the day a hundredfold for yourself. Try it.

WOMEN AID IN SEARCH OF THE MISSING GIRL

[ASSOCIATED PRESS TELEGRAM]

Marion, Ohio, Dec. 11.—Women leaders of the W. C. T. U. here today took up the search for Esther Neville, eighteen, daughter of a wealthy farmer, who disappeared from home Nov. 14, and is feared by her friends to be the victim of white slavery. All W. C. T. U. organizations in the state and elsewhere will be asked to aid the search.

W. C. CHRISTIAN TO REMAIN ON SCHOOL BOARD

Unless he finds that the two positions conflict, William C. Christian will serve the city as director of public service and member of the school board. He was elected to the latter office in November and his appointment to the former position was announced Wednesday. There is nothing in the municipal code which prohibits his filling both offices if he cares to do so.

To a reporter for the Advocate, Mr. Christian stated that he felt that he would violate the confidence of Newark voters if he refused to serve as a member of the school board. He declared that he did not solicit the nomination but that he had been persuaded to allow his name to go on the ballot. "I appreciate the splendid vote I got," he said, "and I will give my best services as member of the school board. I refused to entertain the proposition to name me head of the service department until I was assured that I could legally hold both offices as I did not care to give up the school board position."

The municipal code specifies what city officials can not be members of the school board but the service director is not one of those. There is no salary provided for members of the school board.

Mr. Christian has served three years and three months as service director. He was once elected for a term of two years and in John M. Ankele's administration he was appointed and served a year and three months.

MAN ASPHYXIATED AT MT. VERNON

[ASSOCIATED PRESS TELEGRAM]

Mount Vernon, O., Dec. 11.—Robert Campbell, seventeen, was found dead in bed at a boarding house here this morning. Coroner Fisher pronounced death due to accidental asphyxiation. Campbell's home was in Gwendolen, Pa.

250 NATIVES PERISH IN A TORNADO

[ASSOCIATED PRESS TELEGRAM]

Freetown, Sierra Leon, West Africa, Dec. 11.—Over 250 natives perished today when a terrific tornado blew twenty canoes with some 400 natives on board out to sea. The cable ship Sentinel rescued 136 of them, but no trace of the remainder was found.

The storm swept the town and port and did much damage.

MR. ASHBROOK GETS PENSIONS FOR 2 WIDOWS

Congressman W. A. Ashbrook has just secured the passage of two special pensions to two worthy Newark women, widows of Civil war veterans, according to announcement received by the Advocate. Mrs. Avis Vail was granted an original pension of $12 per month and Mrs. Christina Frank was granted an increase from $12 to $20 per month. Mr. Ashbrook is continuing to give his personal attention to pension matters, indicating that he has at heart the welfare of the veterans who offered their lives for the preservation of the Union.

MUNICIPAL XMAS TREE.

Pittsburg, Dec. 11.—Seventy-five thousand Christmas trees arrived here last night in 50 freight cars and the balance of a shipment of 165,000 trees is expected by the end of the week. Enroute from Vermont is a 50-foot tree which the city of Pittsburg will decorate with a fund of $2000 as a municipal Christmas tree.

BATTLE RAGES AT TAMPICO

Between Rebels and Federals According to Reports from Admiral Fletcher

NO FOREIGNERS INJURED

Number Taken Aboard U. S. Cruisers Chester and Tacoma—Rebels are Said to Be Respecting American Property.

[ASSOCIATED PRESS TELEGRAM]

Vera Cruz, Dec. 11.—Fighting between the Rebels and Federals for possession of the city of Tampico was in progress all day yesterday and last night, according to reports received here today from Rear Admiral Frank F. Fletcher, commander of the American warships off that port. A despatch filed at 11 o'clock last night and received here this morning said that the Federal outposts had been driven in and that the insurgents had taken possession of the left bank of the river from its mouth to Tampico.

No foreigners have been injured, the admiral said, nor has any property been destroyed. A number of refugees were taken on board the United States scout cruiser Chester and the cruiser Tacoma. Other refugees were in buildings near the water front.

Another despatch sent by Admiral Fletcher from Tampico at an earlier hour yesterday and received at Vera Cruz this morning said:

"General Castro attacked Tampico this morning. Reports indicate that the Rebel band is pushing back the Federal advance guard.

"I am taking all possible measures to protect and care for Americans and other foreigners except British and German subjects, who are being looked after by their own representatives.

"The Rebels are reported to be respecting American property."

Under the date of noon on Wednesday, Admiral Fletcher telegraphs: "The Federal forces at Tampico have been reinforced and now number 2000 men. The Tacoma and Chester are in the river with 150 marines from the American battleships aboard. A place of safety for Americans and other foreigners has been assigned under the guns of the warships.

"The steamer Logician, which has been chartered by the British admiral and manned by a crew from the British cruiser Suffolk, has all the British residents of the town on board. All the Germans are aboard the steamer Kronprinzessin Cecilie. I have warned the leaders of both sides that fighting will not be allowed near the neutral territory as-

Cong. W. A. Ashbrook Introduces Bill to Promote Gen. Clem

By means of a bill introduced in the House of Representatives by Congressman William A. Ashbrook, General John L. Clem, Licking county's now celebrated product, who was the youngest fighter in the civil war, and has been honored throughout the nation as the "Original Drummer Boy of Shiloh," may at an early date be placed on the retired list with the rank of major general.

General Clem, widely known throughout the United States as well as in his native county is now chief of the quartermaster corps of the war department, with headquarters in Washington. He bears the distinction of being the only civil war veteran on the active service list.

The bill which Congressman Ashbrook has introduced is well in accord with his activities in behalf of war veterans of his own and other congressional districts, which have been prominently in evidence since he was first elected representative from this district. The bill provides that "any officer now on the active list of the army who served not less than one hundred days in the regular or volunteer forces of the United States during the civil war and prior to April ninth, eighteen hundred and sixty-five, who was honorably discharged therefrom, and who shall since have served not less than forty years as a commissioned officer of the regular army, shall, at his own request, be placed on the retired list of the army, with the rank of major general."

This measure applies directly to the case of General Clem.

The bill has been referred to the committee on military affairs and is said to be scheduled for early action.

WARFARE ENDED BY DEPUTIES

[ASSOCIATED PRESS TELEGRAM]

Calumet, Mich., Dec. 11.—Guerilla warfare which raged in the south range district of the copper miners strike zone was ended today when a force of deputy sheriffs invaded several towns and made 12 arrests. The only person injured was Timothy Driscoll, a deputy sheriff who was shot and seriously wounded when he and other officials attempted to force an entrance into a union hall.

POSTOFFICE SITE LITIGATION IS AT STANDSTILL

For the present, at least, litigation of the government against the City of Newark and the Sherwood Improvement company for condemnation of the additional postoffice ground near First and Main streets, is at a stand-still, say local attorneys interested.

C. W. Miller, counsel for the Sherwood Improvement company, said Thursday:

"When the Federal court sustained the demurrer to the original petition of condemnation, leave was given for the United States district attorney to file an amended petition. We have no means of knowing when he will see fit to do that. After he does, however, we then will have a certain length of time in which to answer. The next move in the proceeding is up to the federal district attorney."

The venerable Col. Crippen of near Utica is in the city for a few days, a guest at the Travelers' Hotel. Col. Crippen has many Newark friends who are glad to greet him.

BRAKEMAN KILLED BY FAST EXPRESS

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, Dec. 11.—Robert F. Cramer, twenty-four, brakeman of this city had planned soon to be married. This morning he was killed by a Norfolk and Western express train, in the Pennsylvania yards near Beechmont street. Cramer, stepped off a locomotive into the path of the express train. He was struck and suffered injuries from which he died in a few moments.

BASEBALL TRUST IS RIDICULED BY NEW PRESIDENT

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—John K. Tener, governor of Pennsylvania and newly installed president of the National League of Profesional Baseball clubs, ridiculed the idea that the game was controlled by a trust in a brief statement issued today incident to a business meeting of the league.

"There is no such thing as a baseball trust," he said. "Organized baseball is a natural outgrowth of an endeavor to build up the business and put the game on the highest plane. There has been no desire to crush competition."

The governor repeated that he was going to be president in fact as well as name. He had insisted on this, he said, before he assumed office.

"During the next year," he said, "I shall give my attention only to the most important matters affecting the league as a whole. Secretary Heydler will attend to the details."

Routine affairs only faced the club-owners at today's session. The demands of the players fraternity, it was announced would be considered, having referred instead to President Tener, who in turn, will place them before the national commission at a meeting to be held in Cincinnati on January 5. The governor said, however, that he was in favor of retaining the reserve clause in contracts to which the players object.

BOMB THROWERS SHATTER STORE IN HAZELWOOD

[ASSOCIATED PRESS TELEGRAM]

Pittsburg, Dec. 11.—A bomb was tossed across Second avenue in the Hazelwood section of the city at daybreak today and exploding, shattered the front of the building occupied by Thomas Gorooi, as a fruit store. Windows in the Hazelwood Savings & Trust company building next door were shattered, and other damage done, but the police declare no one was injured. Patrolman M. L. Toole saw a man crouching in the shadow of a telephone pole and throw the bomb. He fired after him as he ran but the man escaped.

ARREST FOLLOWED ATTACK ON HOME

[ASSOCIATED PRESS TELEGRAM]

Canton, Dec. 11.—John Mento was arrested here today on a charge of carrying concealed weapons, in connection with the attack made a week ago on the home of Fred W. Witters, liquor license commissioner for Stark county.

APPEALS POUR IN ON COX

Asking Governor to Commute Death Sentence of Kinney

DIES AFTER MIDNIGHT

Tonight in Electric Chair Unless Chief Executive Interferes—Charged With Murder of a Cleveland Resident.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 11.—Letters appealing Governor Cox to commute the death sentence of Frank Kinney, sentenced to go to the electric chair after midnight tonight for the murder of Captain Ralph Byrne of Cleveland, continued to pour into the chief executive's office today. The governor is at New York where he will make an address tonight before the convention of the National Railway Men's Association and the letters, after being opened were consigned to the waste basket.

One letter received today from a Cleveland woman, a linen handkerchief was enclosed bearing the initials "F. K." The writer said that the handkerchief was once clean and white, but now is soiled thus representing "our faults" which, the writer said, in many respects are not unlike those of the condemned man.

Another letter, written by a man, called the attention of the governor to the fact that he some day "would have to appear before the Great Tribunal and answer for allowing Kinney to go to the electric chair.

Kinney this morning was taken to the death cell to await the time of his electrocution immediately after midnight tonight. He will be given a chicken dinner today, in accordance with the custom long established at the penitentiary.

Kinney still asserts his innocence and pretends to have no fear of death. "I'm pretty old now," he said to one of the officials, "and even if I should get a commutation I would never get out of this prison. If the worst comes I will be ready to meet it like a man."

"Though I have been at the penitentiary for five years," said Deputy Ward and Gallagher, and during this time have seen no less than 14 men die in the electric chair, it hurts me more to see Kinney die than any other man. Yesterday, before leaving for Cleveland, I bid Kinney goodbye. He told me that he was innocent in such a way that I am inclined to believe his story."

WANTED TO BUY A PANAMA HAT FOR HER PAPA

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 11.—Lottie Lester, the little Seattle school girl who sought to buy a Panama hat from the government for her father's Christmas gift will soon receive a brand new hat from Assistant Secretary of the Treasury Hamlin. Lottie recently wrote the treasurer that she had saved 63 cents for a new Panama hat, "because a Belgian hare burny had made a nest out of her father's old one." "Uncle Sam wishes me to tell you that he received your letter and was very much pleased with it," wrote Mr. Hamlin today to Lottie. He told me to go right out and buy a Panama hat for you as he did not want to send you one of those he took from the naughty men who tried to bring them into the United States without paying the full duty. I found a hat this morning and am sending it by parcel post."

David R. Manning of the Walk-Over boot shop, left today on a business trip to Johnstown, Pa.

PRES. WILSON SUFFERING WITH VERY BAD COLD

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 11. — President Wilson stayed in his room today fighting a cold and cancelled all his engagements by order of his physician. The president was to have been presented by the British ambassador here with an embossed copy of an address delivered at Carlisle, England, and had several engagements with congressmen.

Hans Schmidt Refuses to Recognize Aged Father When Two Meet in Court

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—The aged father of Hans Schmidt, who came from Germany to help his son now on trial for the murder of Anna Aumuller, wept in the courtroom today when Hans ignored his presence. When the elder Schmidt called at the Tombs prison today the prisoner would not receive him. Hans, however, said he would like to talk with his sister, who accompanied their father from the family home in Germany and it was said that she might be allowed to visit him later in the day.

The prisoner's father was in the courtroom when the trial was resumed. After gazing at his son a few minutes he walked out with the tears rolling down his cheeks.

The prosecution continued the presentation of evidence to show that when Schmidt killed the girl, cut up her body and threw it in the Hudson river, he followed a carefully premeditated plan and acted in a way that proved him sane. Schmidt's counsel, against his will, it is said, are trying to prove that he was mentally irresponsible for these acts, which he has confessed.

Letters regarding Schmidt, written by his victim to Miss Anna Huttler of Cincinnati, were read to the jury today. Miss Huttler was on the witness stand. In one of the letters the Aumuller girl wrote: "Please do not mention the name of Mr Schmidt to me again as our love and affection is all over." A little later she wrote: "I have made up again with Schmidt. The poor fellow is sick and a few days ago he sent for me. Do not mention Schmidt's name on any card you send to the rectory as I do not want them to know I am good with him."

A third letter, written by Joseph Eigler, a cousin of Anna Aumuller by marriage, protested against Anna's return to America from Austria where Schmidt had sent her in 1911. This letter was found on Schmidt at the time of his arrest. Eigler wrote: "I received just now word that Anna is coming to America. I am forced to have her deported. I do not wish to injure you. It is with Anna a different matter. If proofs are sufficient she will go back. She is a shameless girl."

Two Most Beautiful American Women, Says Paul Helleu, French Artist.

Paris, Dec. 11.—Paul Helleu, who has seen many beautiful American women, has just picked Mrs. L. M. Thomas and Miss Vera Maxwell as the most beautiful of all. He is the kind of an artist who ought to know what he is talking about. His specialty is etching portraits of women on "dry plates," and so successful has he been that he receives $1000 for a very small portrait.

M. Helleu is in the United States recently having been brought to paint the ceiling of the new Grand Central station in New York, the depot of the New York Central Railroad. While that piece of work has not been highly praised, his other work in the United States has been the subject of laudation. Before he left he had some dozen or more American society women pose. He made etchings for which he is said to have been paid $1000.

Mrs. Thomas is a well-known society woman of New York. Miss Maxwell has been less favored socially, she was a member of Ziegfeld's Follies of 1911," and was one of his stars. At this time she is in Paris, where she is said to be playing.

While the selections of the Frenchman may not suit the American notion of beauty, they at least show what kind of women a French artist thinks are beautiful.

Attempt Made Today to Assassinate Gold Mining Magnate of South Africa

[ASSOCIATED PRESS TELEGRAM]

Johannesburg, South Africa, Dec 11. An attempt was made today to assassinate Sir Lionel Phillips, the leading gold mining magnate of South Africa. Three shots were fired at him. One bullet lodged in his neck and another one in his thigh. His condition is declared not to be grave. The would-be assassin was arrested. The attempt was made while he was walking on Commission street.

Sir Lionel Phillips was closely identified with the late Cecil Rhodes and Alfred Bit, and he is a partner in the firm of Wernher, Beit & Company. He had lived in Johannesburg since 1890. In 1896 Sir Lionel was sentenced to death at Pretoria for participation in the Jameson raid with John Hays Hammond, George P. Farrar and Col. Frank Rhodes. The sentence as later commuted to a fine of $125,000 and banishment.

The assailant of Sir Lionel Phillips was later identified as a Dutch storekeeper named Nissun and the crime is supposed to have been actuated by revenge for the loss of a recent suit against the mining group with which Sir Lionel is connected.

Newark's Christmas Tree Beautifully Decorated to be in Court House Park

The beautiful Christmas tree that will soon be placed in the Newark court house park will be erected "by the people and for the people." It is neither for the poor nor for the rich. Newark's "Tree of Light" is for everybody.

After the tree is trimmed with hundreds of electric lights and tinsel, the electricity will be turned on Christmas eve and the lights are to burn every night until [illegible] arrives.

Prof. Kopp, supervisor of music in the public schools, is arranging for special musical features and it is probable the band will assist [illegible] under the tree on Christmas eve. Details can not be announced [illegible] it is seen how well the [illegible] will to the suggestion. No personal solicitation is being done but through the press an invitation is extended to all to contribute any amount desired. To date about 50 people have sent subscriptions to the Advocate. The money that is not needed to defray the expense of the tree will be used in buying children's presents and the presents will be distributed where they will do the most good.

MUNICIPAL CHRISTMAS TREE IN MADISON SQUARE, NEW YORK

One year ago the city of New York had its first municipal Christmas tree. It was such a success that it will be repeated this year, and in all the years to follow. The idea is this year taken up by 15 or more cities and will soon become a national custom. The form of the exercises which will be a part of the celebration will vary, but the tree, the emblem of the great holiday, will be a regular annual feature of life in the metropolis. It will give all residents of New York—rich and poor alike—a Christmas tree that they can call their very own.

The idea of New York's Christmas tree was originated by Mrs. J. B. F. Herreshoff. She was enthusiastic once she began talking of the project, and she communicated her enthusiasm to all whom she approached. One man agreed to furnish the tree, a railroad manager agreed to haul it from the forest to the city, an electric lighting company offered to wire and illuminate the tree, hundreds of singers volunteered to assist in the concerts around the tree, and funds were quickly raised for erecting the tree. This was the only expense that the promoters were called upon to meet.

The tree, a handsome balsam, sixty feet high, was transported from its home in the Adirondack forests to New York and was erected in Madison Square park, with huge skyscrapers, one of them at that time the tallest office building in the world, surrounding it. Dame Nature seemed to be in accord with the plan, for after the tree was in position snow began falling and continued until the branches were covered with the crystal flakes and the concrete base that held the tree in position was completely hidden.

Wires were strung in the tree and hundreds of electric lights of various colors were scattered among the boughs and twigs. At the top of the tree a star composed of electric lights was suspended, and all was in readiness for Christmas eve, when it was arranged that the current should be turned on.

The tree was first illuminated at 5:30 p. m. on Dec. 24, Mrs. Herreshoff closing the switch that turned the star into a blaze of light and put the colored bulbs among the branches to warm and glowing.

The bells in the tower of the Metropolitan building, the tallest structure in the world, had been ringing from their lofty height almost above the transplanted tree a half hour before the electric bulbs were turned into glowing bits of light. The chimes in churches all over the city took up the chorus, and for half an hour the air was filled with the music of the chimes. At 5:30 a band of trumpeters sounded a fanfare from "Parsifal." Simultaneously the lights in the tree began to shine, and the thousands of onlookers in the vicinity cheered.

Then a hundred volunteer singers began a concert that was kept up with no intermission until 8 [illegible]. There was then a silence of half an hour, when other trained singers took up the concert and continued it until midnight. A huge band was present and relieved the singers at times and at the stroke of midnight played "My Country, 'Tis of Thee," as a fitting termination of what had proved one of the most popular affairs New York had ever known.

The first night proved so popular that the concert feature was continued each succeeding night for a week, and the tree was kept illuminated from dark until dawn each night until New Year's. Various musical organizations volunteered to assist in the concerts, and exceptional programs were rendered each evening. All the old Christmas carols were sung time and again and were loudly applauded. Among the many carols that were sung were "God Rest You Merry, Gentlemen," "Shepherds, Leave Your Flocks Behind," "As With Gladness Men of Old" and "From Highest Heaven to Earth We Come."

On New Year's evening a special program was arranged by Jacob A. Riis, the music partaking more of the character of the holiday about to be ushered in.

During the week that the tree remained in place and was lighted at night it was viewed by hundreds of thousands. It was an unusual sight—a Christmas tree in the heart of a city.

The Newark Christmas tree fund should reach $[illegible] or more. The Advocate will accept your contribution.

IF KIDNEYS AND BLADDER BOTHER

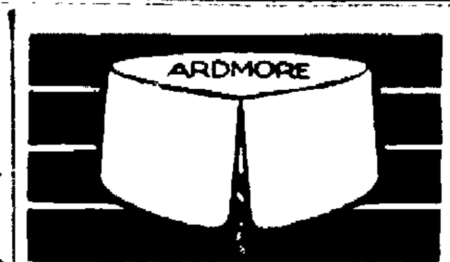

Take a glass of salts to flush out your Kidneys and neutralize irritating acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

NEWARK AFTER MEETING OF THE STATE GRANGE

Manager Wakefield of the Newark board of trade returned Thursday from Lima, O., where he and Attorney Ray O. Martin spent Wednesday exploiting the good points of Newark for the 1914 convention of the Ohio State Grange. Attorney Martin remained over to await the decision of the convention on its next meeting place, which was to be determined by 4 o'clock Thursday.

The two Newark representatives met each of the delegates at the door of the convention room and solicited support in the vote for Newark. Placards were distributed through the convention hall and in all hotels, and members were decorated with Newark badges. The committee met with assistance from eighteen representatives of Licking county grange. There were about 1,200 visitors and delegates in Lima, it is said.

Manager Wakefield declared Thursday, the convention would mean about $12,000 spent in Newark if the convention decided to meet here next year.

ATTACK

(Continued from page one.)

the tax would be $750,000,000, a sum practically sufficient to defray all government expenses. By its present inequalities he added, the income would not be much more than $80,000,000.

Attorney Cockran insisted that if all incomes were taxed in the same ratio as that of the plaintiff incomes of more than $250,000 would be subject to a penalty of 10 per cent instead of the present five per cent., those of $500,000 or more to a penalty of 20 per cent instead of six, incomes of a million would be penalized forty per cent. instead of seven. A man with an income of $2,500,000 a year—and the lawyer said there were several in the country—would be assessed 100 per cent., or in other words would have to pay all income in excess of $2,500,000 into the United States treasury.

Thus, he argued, his client was not granted the equal protection of the law guaranteed by the 14th amendment of the constitution. Mr. Mayer stated the position of the bank as that of the law is constitutional. In his demurrer filed yesterday he further contended that the bonds constitute a civil contract in no wise involving federal laws, and that the federal court therefore had no jurisdiction.

TO HAVE CHARGE OF 3 CHURCHES IN LICKING COUNTY

Rev. H. L. Greenawalt of Crestline O. has arrived in Newark and taken up his residence in the Mt. Vernon Road. Rev. Mr. Greenawalt will be pastor of the suburban Lutheran churches having the charges of Vanatta, St. Louisville and Franklin township.

Mr. Greenawalt is a graduate of Wittenberg College and was a former classmate of Rev. Geo. Bohor Schmitt of this city. He will deliver his first first sermon on next Sunday.

VIOLENT DECLINE NEW HAVEN STOCK

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—Stock of the New York, New Haven & Hartford railroad broke to 68, its lowest price on record at the opening of the stock market today. Passing of the dividend yesterday caused excited trading and on a block of 5,000 shares the price fell 4¾ points. It then recovered to 69½.

TWO GLEE CLUBS ASSIST IN THE LECTURE RECITAL

Splendid Program Given in Recital Hall at Denison Last Evening—Ladies Give Successful Bazaar.

Granville, O., Dec. 11.—A historical lecture recital was held last evening at 8 o'clock in Recital hall. The program was greatly strengthened by the joint co-operation of the Shepardson and Denison glee clubs, who sang a few ballads.

The Ladies' Aid society of the Presbyterian church was highly successful with its bazaar last Tuesday night. About $65 was cleared, which will go to their use. The decorations in the Japanese tea room were very pretty and were loaned for the occasion by the Inter City Tea company of Newark.

A number of Granville people attended the concert of the Cincinnati Symphony Orchestra at Memorial hall in Columbus. Among those attending were Dorothy Swartz, Marion Rose, Mrs. Willis Chamberlain and Frank S. Robinson.

Mr. and Mrs. Charles H. Slack were Newark shoppers yesterday.

Ben Chapin will appear in the Town hall this evening in an impersonation of Lincoln. Mr. Chapin is an artist of well know ability and will furnish a fine impersonation of his subject with which he is well acquainted, having had the experience of a number of years.

A fair will be held in the Shepardson gymnasium Saturday from 2:30 in the afternoon until 9:30 in the evening. The affair is being given by the girls of Shepardson, and a large number of unique Christmas gifts will be offered for sale.

signed to non-combatants nor near valuable foreign property.

"No steamer is available for American refugees.

"Firing continues in the suburbs. I have hoisted my flag on the Tacoma."

The British cruiser Berwick arrived here today from Puerto, Mexico, and will probably proceed to Tampico. Grave fears are felt here lest the insurgents should fire the oil tanks lining both sides of the river at Tampico, in which event it is believed the warships will be compelled to retire down the river.

Extraordinary efforts are being made by the military authorities here to complete the loading of ammunition on board the Mexican gunboats Vera Cruz and Progresso. The boats will probably leave for Tampico late this afternoon.

OFFICIAL REPORTS SAY REBELS ARE MAKING PROGRESS

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 11.—Official reports from Rear Admiral Fletcher to the navy department today said the Constitutionalists were making progress in their attack on Tampico and that Americans and all other foreigners had been removed to a neutral zone for protection of American guns. Thus far no foreigners have been injured.

The dispatches say the non-combatants have been concentrated at a point near the water front where they are under protection of the scout cruiser Chester and the gunboats Wheeling and Tacoma. The battleships Rhode Island and Michigan are further out. The fighting has been going on since yesterday and from the harbor the naval officers have observed that strategically the Constitutionalists seem to have the better position and are making headway. A request of the Constitutionalist's general that Americans leave was acted upon at once. Some Americans and British were taken aboard ships while others were taken to a neutral territory just outside of the town and near the water front.

The American officers, in their report indicate that foreigners will probably be safe in the neutral zone, but if not will be taken aboard the American war vessels.

UNRELIABLE NEWS AT MEXICO CITY

[ASSOCIATED PRESS TELEGRAM]

Mexico City, Dec. 11.—The Federal war department claims today to have received information that the rebels retired out of range of the Federal guns at Tampico after making several fruitless attempts to take part of the city, but believes that the rebel attacks will be resumed today. The Federal capital, however, is without any accurate information as to the events occurring at Tampico, as means of communication are lacking.

The fire of the rebel attacking force did little damage to Tampico it is stated at the war department, but it is admitted that several shells exploded within the city and its suburbs.

The rebel troops before Tampico are estimated by officials to number 6000 to 8000 men. They are said to be the same rebels who took the city of Victoria recently and they are armed with the artillery taken from the Federal troops there.

In a fight at Coco, 60 miles to the west of Tampico on the San Luis Potosi line the Federal troops succeeded in driving the rebels off after a brisk combat according to reports from railway sources.

BASKETBALL BOYS WORKING OUT AT CLEVELAND HALL

Granville, Dec. 11.—Cleveland hall is a very busy place at present. Coach Livingston is working hard with three basketball squads at present and some fast work is being displayed. The first team has not been definitely decided upon as yet, but will very likely be composed of Captain Prouty, Black, Reese, Jones and Thiele or Biggs. Thiele and Biggs are fighting hard to secure a regular position at guard. Both men are fast and excellent basket shooters, which will make it hard to choose between the two. The present schedule has been changed somewhat in the last few days. The game with Rochester University that was to have been played here February 13 has been cancelled by Rochester, who declared they would not be able to make connections between Meadville, Pa., and Oberlin, O., where they were scheduled to appear the night before they came to Granville. However, a game has been scheduled with Ohio State for February 14, and the Rochester game will not be missed. The State game will be played in Columbus on Saturday night, Feb. 14. This is the only Ohio game State has scheduled to date.

FIFTEEN BILLIONS REPRESENTED AT INSURANCE MEET

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—Fifteen billion dollars of life insurance protection was represented today at the seventh annual meeting of the association of life insurance presidents. Executive heads from as far west as Los Angeles and from many parts of Canada attended. Ex-President Taft was the chief speaker at the afternoon session.

A problem considered at today's session was the increasing practice of policy holders of mortgaging their life insurance. Investigation has revealed that half a billion of the three and one-half billion dollars held by the companies as a reserve fund has been loaned to policy holders. Arthur E. Childs, of Boston, president of the Columbian National Life Insurance company urged the members to warn the public of the danger of thus reducing the protection of beneficiaries. Such loans, he said, increased from 3 1-2 per cent. to the reserve fund in 1888 to 16 per cent in 1912 and probably would approach 18 per cent this year. The association also discussed means to circumvent get rich quick promoters who acquire the proceeds of policies left in the hands of inexperienced widows and orphans.

In addition to the presidents of several companies the speakers today included Dr. Rupert Blue, surgeon general of the United States public health service and Dr. Victor C. Vaughan, dean of the department of medicine of the Univeristy of Michigan and president of the American Medical association.

The meeting will last two days.

SEARCHERS HAVE FOUND NO TRACE OF MILLIONAIRE

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—None of New York's 1500 police had found any trace up to noon today of Jas. Marshall, the millionaire hat manufacturer of Fall River, Mass. He dropped out of sight Tuesday afternoon at the Grand Central station while being taken to a sanitarium at White Plains, N. Y.

Governor Cox's Civil Service Order Swipes Machine Politics

Here is the order issued recently by Governor Cox to the newly appointed district tax assessors in Columbus which took the last prop from under the partisans who had been accusing the Governor of using the Warnes law as an instrument to build a political machine.

"I make to you this morning the announcement that every man employed under you in this state must submit to the test of merit. Ohio has passed a civil service law. The Democratic administration in this state has the right between now and January 1st., to appoint Democrats to every position under these commissions. We have the right to cut the patronage pie. I surrender it absolutely to the merit system. And this whole organization goes under the civil service law of the state. The tax commission will in due time formally advise you gentlemen to make no selections until after January 1, when men in the different communities can submit themselves to a test of merit, a common sense one too."

"Allen Beach, one of the big newspapermen of the state and a keen student of political affairs, was the author of an interesting political story in the State Journal (Republican) last Sunday, in the course of which appeared the following, concerning the Governor's anti-machine order:

"The real menace of the cry against machine building has been that the voters would come to think the governor insincere in his championship of reform legislation, and there is no impression which once lodged is harder to dislodge from the minds of the electorate than that of the insincerety of a candidate, and none more fatal to the candidate.

"It is for this reason that the Governor's refusal to construct a tax machine is important. By overt act he demonstrated that he cares more for the successful working of the Warnes law than for the patronage power of the new taxing machinery than for the potentiality of the power of the tax jobs.'

Rural School Reforms

For several months the papers owned by Dan Hanna in Cleveland, and the official organ of the George B. Cox gang of Cincinnati, have been charging that the present governor was attempting to use the public schools for machine building. But when the real recommendations improving the public schools were made known to the 3500 delegates to the Ohio Educational Congress in Columbus last Saturday—every one an expert on school affairs—they took the Governor's advice and did not heed the cry of Wolf" from the Boss Cox gang paper and the Hanna publication. The recommendations are:

"For increasing the efficiency of rural school teachers.

"Provision that from one to three such schools in each county be subsidized by the state to establish one year training courses for rural teachers.

"Establishment of more summer courses for the training of teachers.

"Gradual increase of professional requirements of teachers until by the year 1920 every teacher in Ohio must have had the equivalent of one year professional training to enter the service.

"Revision of the examination system, by which the present 35 varieties of teachers certificates will be reduced to 32, and by which one half of the examination will consist of a practical test in class room instruction.

"For providing for a general supervision of teaching and of schools.

"County boards of education of five members elected at large on a non-partisan ballot by all votes of the county outside of cities. This will not disturb the local boards of education.

"County superintendents of schools elected by the county boards of education at a salary not to exceed $2000 annually. The superintendent must be an experienced teacher.

"Division of the county into districts by the county board of education, the districts to be made of rural and village school districts according to the number of teachers employed and for the election of a district superintendent.

"Protection of all efficient supervisors now in the service by a provision that three years' experience [illegible] him or her on the eligible list and the requirement of professional training of superintendents [illegible] now in the service."

On Second Thought

The secret fear that gnaws at nearly every girl's heart is that her well dressed "gentleman friends" will meet her hard working and shabby father.

Percy Ellington kept the news of his marriage so secret that the tailors went right on mailing him circulars for more than two years after it happened.

Eph Wiley says he holds himself in readiness to go down and sell his life to the Mexicans the minute W. R. Hearst enlists.

Next to old age a man hates paying half fare for his eleven-year-old boy worse than anything.

Notwithstanding the talk about them, the women still have a high sense of delicacy. No matter to what extreme fashion has led them in other directions, they are keeping their elbows covered.

A sane, sagacious man is the one with whom you agree.

The prosperous and well dressed man makes most of the converts to the Socialist cause.

Another social season seems to be approaching. The women are again saying nice things about Beverly Whittecombe, who has been married seven years and still dances with his wife.

If a woman isn't jealous she isn't interested.

Uncle Walt

Pay in Advance.

I went to an inn when I'd finished my work, possessed of no goods but the clothes on my back; I wrote down my name and requested the clerk to give me the nittiest room in the shack. The clerk sized me up with an indolent eye, nor withered away in my arrogant glance; he smiled at my orders, and said in reply: "All guests without baggage must pay in advance." I started to argue the matter at length, said I was insulted by such a demand; "unless there's retraction I'll use all my strength to hoodoo your tavern through all the broad land." The clerk gave a wink to the janitor bold, who gathered me up by the slack of my pants, and sighed, as around on the sidewalk I rolled. "All guests without baggage must pay in advance." Some people can travel around on their gall, though why they should do it is not understood; the man who is welcome in tavern or hall has visible assets to show he is good. Although we have pity for fellows of worth, knocked out by the buffets of fell circumstance, this rule's holding good in all parts of the earth, "The guest without baggage must pay in advance."

GOOD WAY TO DO BUSINESS

W. A. Erman Sells Reliable Remedy at Half-Price and Guarantees a Cure.

When one can buy gold dollars for fifty cents, it is a good time to purchase.

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents, W. A. Erman is giving one of the greatest trade chances ever offered to the people of Newark.

Even though offered at half price for introductory purposes the specific is sold under a guarantee to cure or the money will be refunded.

If food does not digest well if there is gas or pain in the stomach, if the tongue is coated and the breath bad, if there is constipation and straining, Dr. Howard's specific will cure you. If it does not, you have druggist W. A. Erman's personal guarantee to return your money.

Dr. Howard's specific gives quick relief and makes permanent cures of constipation, dyspepsia and all liver troubles.

These are strong statements, but W. A. Erman is giving his customers a chance to prove their truth at just half the regular price—sixty doses for 25 cents. If they are not found true, all you have to do is ask for your money.

BOY AND GIRL FARMERS VISIT THE CAPITAL

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 11.—Champion boy and girl farmers from 30 states arrived here today and for a week will be the guests of the department of agriculture. There were 80 in the party and each has a record for achievements in raising either corn or potatoes or for having the best and most profitable vegetable garden.

The boys and girls will spend the week in sight seeing in and about the capital. For several years the department has awarded trips to Washington to champions of boys corn clubs, but it is the first time that girls have been included. There are nearly as many girls as boys in the party that arrived today.

ANSWER THE CALL

Newark People Have Found That This is Necessary.

A cold, a strain, a sudden wrench,
A little cause may hurt the kidneys
Spells of backache often follow,
Or some irregularity of the urine.
A splendid remedy for such attacks,
A medicine that has satisfied thousands
Is Doan's Kidney Pills, a special kidney remedy.
Many Newark people rely on it.
Here is Newark proof.

P. B. Pritchett, 406 Wilson street, Newark, Ohio, says: "I am glad to confirm the statement I gave some years ago, recommending Doan's Kidney Pills, and the trouble I had endured from poor kidney action was ended. Another of our family also endorses Doan's Kidney Pills very highly. She has had wonderful benefit from them and says she wouldn't be without them."

EX-AUDITOR RILEY WRITES A LETTER OF EXPLANATION

Editor Advocate—Dear Sir: In your paper under date of December 8, I noticed an article entitled "Cut in Office of the Auditor."

Before I say anything about this article let me say that this is no criticism on the present administration of the auditor's office, nor have I any disposition to criticise, but there are some things in this article which need explaining.

The commissioners appointed their own clerk for the latter part of my administration and the present board has chosen the same man and is paying the same salary as last year, so I am told. Over this matter neither Mr. Hursey nor myself had any control.

The deputy sealers of weights and measures is a semi-auditorial position in that the auditor makes the appointment but the commissioners fix the salary, no part of which is paid out of the auditor's salary.

R. E. McGonagle was deputy sealer during my term, and aside from his duties as sealer he worked about half of his time in the auditor's office, but was not deputy auditor, and did not draw anything as deputy auditor. Aside from these the law provides that the commissioners shall on the 20th day of November of each year, allow to the various officers an amount which they deem sufficient to pay for the necessary deputy and clerk hire for the office for the year beginning January 1st thereafter.

By authority of this law the commissioners on November 20, 1912, allowed me $1,500. Of this I used $1,200, leaving $300 to my successor to carry him from the 20th day of October to the 31st day of December, 1913.

The $173 spoken of in the article referred to must have been allowed by the court to Mr. Hursey, as it had not yet been allowed when I quit the office. We don't think there will be any controversy when we say that we did our full share of the work of the year.

What the commissioners have allowed for the coming year I learned through your paper.

The commissioners seem to have cut this allowance from $1500 for 1913, to $1200 for 1914. Perhaps this was due to the suggestion of the Tax Commissioner of Ohio to the effect that allowances for county auditors should be reduced because the new office of district assessor would take over a large part of the work of the auditor's office.

Let me say again that this article is not written to cast reflection on Mr. Hursey, or his help. We know no reason for anything of the kind and we gladly extend our best wishes for a successful and pleasant term of office. Very respectfully,

C. L. RILEY.

Local Druggist Makes Many Friends

R. F. Collins, druggist, 27 Hudson avenue, reports he is making many friends through the QUICK benefit which Newark people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-i-ka relieves constipation and gas on the stomach almost IMMEDIATELY.

MOTORCYCLE COPS EFFECT CAPTURE OF OVER 13,000

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—The motorcycle corps of the New York police department has proved one of the most efficient arms in the service, according to reports submitted to the International Exposition of Safety and Sanitation. Although the corps includes only 22 men, this small force has effected the arrest of over 13,000 persons during the past year. Most of the arrests have been for speeding automobiles or other automobile offenses and the total of fines imposed have been over $117,000.

Football Team Was Successful in a Financial Way

[ASSOCIATED PRESS TELEGRAM]

Bloomington, Ind., Dec. 11.—Indiana university's football team made nearly $11,000 during the last season, according to the report of U. P. Smith, treasurer of the athletic association which was made public today. The report shows that the actual receipts were $13,926 which is much more than has been made in previous years. The largest amount received from a single game was that with the University of Chicago at Chicago when Indiana's share was $2700.

TEARING DOWN OLD HOME OF AARON BURR

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—Remnants of Aaron Burr's famous Richmond Hill House are being uncovered by wreckers who are tearing down some ancient buildings on the east side of Varick street, in order to widen that thoroughfare. The old Burr place in its later years, was used as a theatre and at one time rose to the dignity of an opera house. Years ago it passed to the uses of a stable. It is this structure that is now being torn down, revealing fresco work which is said to have formed a part of the old theatre decorations.

BLINE—PERKINS.

The many friends in the city of Miss Blanche Bline, formerly of this city, but who for the past few months has made her home in Akron, will be both surprised and pleased to learn of her marriage to Mr. Leon F. Perkins of Medford, Wisconsin, on Monday, December 1, at ten-thirty o'clock. The ceremony was performed by the Rev. C. H. Williamson in the First Presbyterian church in Memphis, Tenn., where the groom has for the past year been connected with the Memphis Telephone company and where they will make their future home.

HAVENS—HAVENS.

At 2:30 o'clock Wednesday afternoon, Dr. Sparks joined in wedlock Mr. Clarence Havens and Miss Edith O. Havens, young people of this city. The wedding took place at the minister's home on North Fifth street, and was witnessed by Mrs. Louisa Jones, mother of the bride. The happy couple will reside in this city, and a large company of friends will be glad to offer congratulations.

BROOKS—MITCHELL.

At 3:00 p. m. Wednesday, Dr. Sparks solemnized the marriage of Mr. Oscar W. Brooks and Miss Amy A. Mitchell. The wedding took place at Mr. Sparks' home and the happy couple was attended by Miss Mary Brooks, sister of the groom, and Mr. Floyd Mitchell, brother of the bride. The ring ceremony was used, which is always impressive. Mr. Brooks is a young farmer residing west of Alexandria, where he will take his bride, who has been living with her parents south of the city. Many friends join in best wishes.

A very interesting meeting of the Progressive club was held at the home of Mrs. W. W. Gard in Eleventh street on Wednesday afternoon. The following program was on the calendar and was given without alteration:

Roll Call—Progress on Surgery.
Arranged by Mrs. Woodbridge.
Italian Opera—Continued.
Denizetta—Mrs. Scott.
Lucrezia Borgia—Mrs. Tullis.
Lucia de Lammermoor — Miss Tucker.
La Fille du Regiment—Mrs. Thompson.
Victrola Selections.

The second of a series of historical recitals given by the faculty of Denison University was given on Wednesday evening at Recital Hall in Granville. The faculty was assisted by the Denison and Shepardson Glee clubs and the following program was given:

MILLER—SHAMP.

Dr. Edwin Miller of Union street and Miss Maple LaFern Shamp of East Main street, were united in marriage Wednesday evening at the home of the officiating minister, Rev. George Bohon Schmitt in North Fifth street, the ceremony being performed in the presence of Mr. and Mrs. Eugene Hartshorn, relatives of Miss Shamp. The event was marked by extreme simplicity because of the recent death of Dr. Miller's father. Following the ceremony, Dr. Miller and his bride were entertained at the home of Mr. and Mrs. Hartshorn in Granville road. The young people will make their home at 58 Union street. Dr. Miller is a dentist with offices in Union street and the marriage is a culmination of a romance which started when the young people were in the local high school. The bride is the daughter of Mr. and Mrs. William Shamp of East Main street.

The Entre Nous will give their Christmas dance on the evening of Monday, December 29th in Assembly Hall.

Obituary

Mr. Aaron Baird.

Mr. Aaron Baird, age seventy-seven years, nine months, died Wednesday night at 12:00 o'clock at his home in Tobaso. He is survived by five children, his wife preceding him in death three years ago. The children are: Thomas J. Baird and Mrs. Etta M. Knight of Newark; Mrs. Emma Gutridge of Zanesville and Mary Baird and Edward H. Baird of the home. The deceased was a faithful member of the M. E. church for over 40 years. The funeral services will be held Saturday at the Tobaso church at 11:00 o'clock (sun time), the funeral corday at the Toboso church at 11:00 o'clock. Burial will be made in the Hanover cemetery.

Mrs. Dorothy White.

Mrs. Dorothy S. White of No. 525 Hudson avenue died at two o'clock Thursday morning after an illness extending over several months, the immediate cause of death being heart failure which resulted from the infirmities of age.

Mrs. White was the widow of Dr. Samuel H. White who died in 1896 and they came to Newark to reside from Upper Sandusky, Ohio, sometime in the year 1886 and Mrs. White has since that time resided here.

She was seventy-eight years of age and was a member of the Second Presbyterian church of this city.

Mrs. White is survived by a son, John C. White of Roseburg, Oregon and by three grandchildren, Mrs. Dorothy Kibler Robbins of Marion, Indiana, Edward Kibler, jr., and Charles S. Kibler of this city.

Mrs. White was Dorothy S. Terry before her marriage and was born in Hardin county, Ohio.

The funeral services will take place at the residence 535 Hudson avenue Friday afternoon at 2 o'clock to which the friends are invited and the burial will take place at Upper Sandusky on Saturday.

Ernest Lorenzo Abbott.

Regarding the death in Leipsic, recently, of Ernest Lorenzo Abbott, the twelve-year-old son of Mr. and Mrs. William K. Abbott, former Newark residents, the Leipsic Tribune says:

"Ernest Lorenzo, the only son of William K. and Myrtle Abbott, was born in Leipsic, year 1901, and was translated to the city of angels and immortal children Thursday evening Nov 27, 1913, after only four days of illness, aged twelve years, nine months and eighteen days.

"Ernest was a good boy, and because of his cheerful disposition and kind ways was a favorite on the streets and playgrounds with his schoolmates and chums.

"A little boy, who, on Friday morning, heard that death had come out and taken away his little schoolmate, said with tears in his eyes:

"'Papa, he was in my room at school; I played with him nearly every day and I never heard him swear or use slang words.'

"These words from the lips of this school boy pay a beautiful tribute to the life of this boy who has gone so suddenly from us. His stay upon earth was brief, but he was such a manly boy, so thoughtful and considerate, so industrious in school and in his work, so pleasant and congenial that he will long be remembered by all those who knew him.

"God cultivates flowers, seemingly, only for their exquisite beauty and fragrance; for when, bathed in soft sunshine, they burst into blossom, then the Divine hand takes them from the earthly fields to keep in crystal vases in the deathless mansions above. Thus little children die—some the sweet bud, some in the fuller blossom—but never too lowly to make heaven fairer and sweeter with immortal bloom.

"'Ernest has gone to the land
Where shaded skies shall brighten,
Brighten never more to shade:
Where the faded flowers shall freshen,
Freshen never more to fade.'

"In his departure he leaves a father and mother, a sister and many relatives and friends. Appropriate and impressive funeral services were conducted at the Methodist church Saturday afternoon by Rev. E. L. Davis, pastor of the family. All the pupils of the sixth room in the public school attended the service in a body.

"Beautiful floral tributes from friends and the public school covered the casket in which the body was laid away."

Mrs. Mamie V. Coyle of 235 West Main street, this city, was an aunt of the child.

Card of Thanks.

We wish to extend our most heartfelt thanks to the friends and neighbors for their sympathy and kindness during the illness and death of our wife and mother. Also wish to thank Rev. A. B. Cox for his consoling words, the members of the East Main Street U. B. choir and those who sent floral offerings, all of whom helped us bear our sorrow.

WOMEN WOULD ENTER MINE TO SEEK LOPEZ

[ASSOCIATED PRESS TELEGRAM]

Bingham, Utah, Dec. 11. — Two women sought permission at the Utah-Apex mine late last night to enter the workings and appeal to Ralph Lopez, slayer of six men, to give himself up in order that they might obtain the $1,000 reward on his head.

Lopez took refuge in the mine on November 27, where he killed two deputies in an underground battle two days later, and all attempts since to capture him dead or alive have failed.

The women said they believed Lopez' gallantry would induce him to surrender, knowing that his days were numbered. The singular request was not granted.

IN HOLIDAY SPIRIT

How Can a Girl Become Popular?

In one of the many letters that readers are good enough to write me is the question, "Will you tell me how to become popular? The popular girls have such a good time, that I would like to have a lot of friends, too. I can't see why some girls are popular and others are not; for I think the girls who are not popular are often nicer than the ones who are. What makes a girl popular?" and more to this effect.

It is rather a big contract to tell how to become popular. There are various kinds of popularity, and many things enter into each kind.

Beauty usually helps to make a girl popular. But the beautiful girl who depends solely upon her beauty for popularity will not be popular long. True popularity rests upon something of more enduring worth than beauty.

Money, and a charming home, and lavish entertainments will help make a girl popular. But the associates a girl wins on these grounds are not the best kind. They are apt to be sycophants and parasites.

Real popularity, the popularity that means a host of true, warm friends, is based upon certain fine traits of character. The girl who wants to be popular, because it means she will have a good time, hasn't the right conception of the fundamentals of popularity. She wants to receive, when she should give.

For are not the three chief essentials of popularity sunniness, and kindliness, and unselfishness? Is not the girl who is truly popular, and whose popularity is the kind that will last, cheery and thoughtful for others, and always doing little kindly, considerate things that endear her to people? The loud, boisterous girl may seem to be popular, but people tire of her. The girl who is kittenish or flirtatious or sentimental may seem popular, but you will find that her admirers are constantly new ones, and that gradually they lessen in number. But the girl who is genuinely kind and considerate, and always seeing the bright side of things, wins friends, keeps them, and gains more.

The girl who is grouchy, who sulks, who says sarcastic things, who criticises unkindly behind people's backs, is not likely to be popular. And if a girl has these characteristics, she cannot cover them up. They show themselves in the expression, in the manner. People feel them, and they are a barrier to winning regard.

If the girl who wants to be popular has these traits in her disposition she needs to root them out, in order to make any headway in the desired direction. It will take effort to do this, for she will have to watch every thought, every action, and resolutely try at first to be cheery and kindly and thoughtful. In time, the effort will grow easier, for these things will become a part of herself. And she will not only find herself popular, but she will be a finer girl, and will have a far happier outlook on life.

The Queen Esther class of the North Newark Christian Union church will meet at the home of Miss Grace Pau of 616 Maple avenue, Friday evening at 7:30. All members are cordially invited.

Woman's Missionary Society.

The Woman's Missionary society of the First Presbyterian church will meet with Mrs. Hazlett at the parsonage, Friday afternoon at 2:00 o'clock.

C. E. Meeting.

The Christian Endeavor society of the First Presbyterian church will hold its December business meeting Friday evening at 8 o'clock at the home of Miss Hattie Jones, 23 North Fifth street.

Condition Improved.

John Cimra, the foreigner, who was seriously injured at the Wehrle company on Wednesday, is reported as being improved at the Newark Sanitarium today. His recovery is now hoped for.

Taken to Children's Home.

Lillian, Willie and Ralph Cashdollar, children of Mr. and Mrs. Fred Cashdollar, residents of "Texas," were ordered placed in the county children's home Wednesday, by Probate Judge Hunter.

Recovering From Operation.

Charles C. Bobo was removed in the Bazler & Bradley ambulance from the B. & O. station Wednesday afternoon to his home, 388 East Main street. Mr. Bobo is recovering rapidly from an operation performed in a Cincinnati hospital.

Brotherhood Meeting.

Tuesday night was regular meeting night for the North Newark Christian Union Brotherhood, and they had "open meeting." Frank L. Johnson, of the Y. M. C. A. gave a splendid and inspiring talk. After the exercises, a lunch of doughnuts and coffee was served and the large crowd enjoyed the occasion.

Letters to Santa Claus.

The Advocate acknowledges receipt of letters from Mildred, Alonzo and Homer Burris. They have had careful attention and have been forwarded to Santa Claus. If Santa Claus shouldn't remember everything mentioned in the letters The Advocate suggests that attention of mother or father be called to the fact.

Gasoline Causes Scare.

Gasoline spilled from a jug on the floor of the basement of the building occupied by J. R. McElroy as a restaurant in Union street near West Main ignited about 5 o'clock Wednesday evening and caused a scare. The West Newark company and the ladder truck from headquarters responded to an alarm but the services of the department were not needed. There was no loss.

Letter Carriers Meet.

Members of the Newark Letter Carriers' association to the number of seventeen met in the postoffice Wednesday night. No official business was transacted by the association, but the meeting was strictly a social session in the order of an informal cut with the new postmaster, Joseph H. Newton. It was the first meeting of the association under the new regime.

Horse is Stolen.

A. E. Bazler of Columbus has notified the local police department to be on the lookout for a horse stolen from in front of his office building in Columbus last Tuesday. The animal was a bay mare 11 years old, white hind foot, clipped fore top, slightly buckkneed. The vehicle was a phaeton with a broken dash. It contained a plaid horse blanket and a plush robe. Mr. Bazler is a brother of T. A. Bazler of the firm of Bazler & Bradley, undertakers.

BIKE RIDERS ARE SMASHING THE RECORDS

New York, Dec. 11.—The eight leading teams in the six-day bicycle races were three miles ahead of the record at 8 o'clock this morning, the eightieth hour. They had pedalled 1,595 miles, six laps. Five teams trailed only one lap behind, then came the Corey-Walker combination another lap behind, and finally the Kopsy-Keefe team six miles in the rear.

The leaders were Root-McNamara; Drobach-Halsted; Verri-Brocco; Hill-Ryan; Goullet-Fogler; Perchiot-Breton, Megin-Lawrence and Collins-Walthour.

At noon, the end of the 84th hour, the eight leaders had covered 1,667 miles 4 laps. The previous record is 1,646 miles, 8 laps.

In Japan, unlike most Occidental countries, the chief source of railway income is the passengers.

Chicago Grain Situation.
[ASSOCIATED PRESS TELEGRAM]

Chicago, Dec. 11.—Heavy rains interfering with the Argentine harvest caused the wheat market today to rally. Buenos Aires reported also that there had been damage by hail. Offerings here were small. Prices opened unchanged to ⅛@¼ off, but afterwards rose to above last night's level all around.

Signs of unsettled weather ahead put strength into corn. The final state crop report from Iowa was an additional help to the bulls. Opening prices varied from a shade lower to ⅛ up, and later scored an advance for all options.

Oats held steady. Business consisted chiefly of changing from December to May.

Provisions sagged at the outset owing to lack of demand, but subsequently recovered in sympathy with corn. First sales ranged from the same as last night to 7½ decline.

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—With the exception of New Haven, which broke 1¾ points to 68 at the opening today, the stock market was fairly steady. Passing of the New Haven dividend resulted in large trading in the stock, which opened with a block of 5,000 shares at 69½ to 68, compared with yesterday's close of 72⅛. The next sale was at 69⅛, and then followed further recovery to 69½; first prices through the list showed small and irregular changes with a stronger tone after the initial transactions. Reading, Canadian Pacific and Amalgamated were quickly bid up a point and Union Pacific ⅝.

COLUMBUS GIRL DIES AS RESULT OF ASPHYXIATION

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 11.—Miss Barbara Hart of Caruthersville, Mo., died this morning as a result of gas asphyxiation. Her death occurred almost simultaneously with the funeral of her grandmother, Mrs. L. B. Hart of Worthington, O., who was fond dead Tuesday in the Hart home at Worthington. Miss Rachel Hart, sister of the young woman who died today and who was also overcome, is believed to be recovering. The latter's marriage to Dr. Edgar Allen of this city, announced to occur on December 27, probably will be postponed.

Miss Barbara Hart was to have been married soon to Calvin Howe of Duluth, Minn. The Misses Hart had only recently inherited a legacy of a half million dollars.

STRANGE ANIMAL FOUND IN BUNCH OF RIPE BANANAS

While cutting bananas at the grocery of H. J. Williams, corner of Williams and Grant street, on Thursday morning, Mr. Williams found a peculiar nest and a small animal about three inches in length. The nest has the appearance of a humming bird's nest which is suspended from a tree, this suspending from the stalk of the bananas. The nest fell to the floor and a small egg which was in it was crushed. However, a small four footed animal was found in the nest and has been placed in a bottle, but no one who has seen it has been able to recognize the species. Any one possessing knowledge of tropical animal life is invited to the store to endeavor to fix the species.

MIDNIGHT ENDS CELEBRATION OF THE NEW YEAR

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 11.—New Year's eve carousals in restaurants and cafes will end at midnight, Dec. 31, if the attitude of the state liquor licensing board is observed by local officials in Ohio cities. Members of the state board today declared they would not issue orders to county boards regarding midnight closing on New Year's eve, but would assume that the law would be enforced then as usual. The state board will not wink at suspension of the law even for that special occasion.

Heretofore saloons and cafes in several large cities have allowed their patrons to make merry until wee hours of the first day in the year, and police have permitted temporary violations.

Even though local authorities this year should pass out the word that they will make no arrests if liquor is sold after the midnight hour, county licensing boards have the authority to investigate law violations and revoke the licenses of dealers on second violation.

SEARCH MADE FOR MISSING BROOKLYN GIRL

[ASSOCIATED PRESS TELEGRAM]

Philadelphia, Dec. 11.—A systematic search of Philadelphia was begun today for Jessie Evelyn McCann, the young woman who disappeared from her home in Brooklyn a week ago.

A young woman resembling her has been reported as having been seen in different parts of the city.

Peter Anderson, Miss McCann's uncle, who lives here, said he has found no trace of her. His niece, he said, might be in Philadelphia as she has friends here and is well acquainted with the city.

42 DELINQUENT CONSUMERS OF WATER IN DAYTON

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 11.—Dayton water consumers who have not paid their bills were named today in a report filed with the state bureau of accounting. There are 42 delinquent consumers and their total bills amount to $126.96. The smallest named by the state examiner in his report is for 10 cents. They are reported as findings in favor of the water works plant. The water works owes $28.46 for overcharges to consumers also.

Cheap and Easily Made, But Ends a Cough Quickly

How to Make the Very Best Cough Remedy at Home. Fully Guaranteed.

This pint of cough syrup is easily made at home and saves you about $2.00 as compared with ordinary cough remedies. It relieves obstinate coughs—even whooping cough—quickly, and is splendid, too, for bronchial asthma, spasmodic croup and hoarseness.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing pine elements.

No other preparation will do the work of Pinex in this mixture, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup remedy. This plan has often been imitated, but the old successful combination has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

PUBLIC HEALTH IS POSSIBLE IN ANY LOCALITY

Government Official Says It's a Public Utility Worth Whatever It Costs.

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—"Public health is a public utility. A dollar laid out in sanitation is not an expenditure, but a loan, which will be retured an hundred fold," declared Surgeon General Rupert Blue of the United States Public Service here today in an address before the Association of Life Insurance Presidents.

"Any municipality, state or nation, can have public health if it will but pay the price," continued the surgeon-general. "The most needed reforms in public health administration are greater co-operation between public officials, the employment of full time workers, establishment of laboratories, accurate collection of vital statistics and the setting aside of sufficient funds to accomplish those things.

"The future of sanitary administration in this country depends upon the interest which the citizens take in its development. There is no better index of the state of civilization of a community than the manner in which it approaches its public health problems. There is still much room for reform in the sanitary administration of many states and municipalities in our country, and not the least important duty devolving upon the health officials of this nation is the education of the general public to the end that sanitary reforms will not only be accepted but will also be earnestly sought for.

"Our slow progress in the direction of a perfect national health is due to the fact that the people have not as yet fully realized its importance and have not demanded that protection against preventable diseases which are essential to the successful prosecution of public health worth. There are two main causes for the paucity of sanitary legislation, public indifference and economic opposition.

"The feverish energy in sanitary matters which characterizes the general public in time of epidemic soon gives way to lethargy and indifference to public health matters. The average individual is willing to take a chance of contracting a disease when it seems a long way off, and it is only when it is close upon him and in spectacular form that he appreciates its danger. A single case of leprosy in a city will create widespread excitement, while a thousand cases of measles, which in their final results are infinitely more dangerous, are permitted to occur without remark.

"Results of the past decade of sanitary activity have been to prove that the prolongation of life is entirely practicable, and this prolongation has been largely brought about by improvement in sanitary administration. The time is not long since passed when the public health official who boldly pointed out the needs for sanitary improvement in the factories of a wealthy corporation endangered his position. Today, such criticisms are gladly received and promptly acted upon. The efficiency of human machinery is quite as important as the efficiency of the other machinery of the factories, and the realization of this fact has resulted in an extension of the powers and duties of the public health authorities.

"The crudity of method and apparatus of bygone days was only equalled by the administrative inefficiency of that time. To cite concrete examples, the battles of Cressy and Agincourt were won through the efforts of individual commanders supported by free companies having but a faint relation to the army as a whole. The greatest battle of modern times, fought between the Japanese and Russians at Mukden, was, on the contrary carried by the victors only through the concerted and integrating efforts of a vast fighting machine, the various arms of which occupied miles of territory, yet operated with a deadly accuracy in which each and every part of the army discharged its duties without endeavoring for individual brilliancy and with the single aim of interlocking efficiency without loss of power or time.

"The sanitary machine of this country is a vast organization, reaching from the White House to the humblest cottage in the United States. The day has passed when by individual brilliancy a battle against disease foes may be won without regard to the engagements which are going on all about us. We live in an age in which efficiency is the slogan. We have learned from oft-repeated failure and sore disappointment that in sanitary work as in all the other efforts of the human race, the greatest good can be accomplished in the shortest space of time and with a minimum expenditure of funds and labor by a concentrated, co-operative effort.

"The most needed reform in the administration of all of the various parts of the public health arm of the Nation is an active and generous co-operation one with the other. The Public Health Service cannot succeed in the fullest extent if it is not assisted by the state and local health authorities. The state departments of health cannot discharge their duties with greatest profit without the help of the county and municipal boards of health, and all of them to succeed in the broadest way must co-operate one with the other and all as a whole.

"The form which this co-operation should take is capable of endless variation and untold multiplicity, but the first and one of the most important single factors is in the collection of vital statistics. The registration area for deaths at present occupies only about two-thirds of our country. An endeavor is being made to establish a registration area for morbidity, and this is a most needed reform in public health administration.

"It is the great glory of the period in which we live that we have recognized our responsibility as our brothers keeper. That public official who brings physical salvation to his fellow man has gone a long way toward the promotion of the moral welfare and general happiness of the community. The worker in the field of sanitation does more for the moral uplift of the nation than any other official agency.

"Most of the states and many of the municipalities grant adequate public health authority to their officials. Practically all are willing to do so if the matter is placed before them in its true light. The great difficulty, however, lies in the securing of appropriations. It must be said that the education of the general public with regard to matters sanitary has not yet brought about a full realization of the interchangeability of public health and public wealth."

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Croup and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c and $1.00. A bottle should be in every home. At Frank D. Hall's.

SOIL BUILDER MUST KNOW WHAT IS LOST

"Soil building implies soil destruction," says M. A. Bachtell of the College of Agriculture, Ohio State University. "The first essential in a system of soil building is for the man who handles the soil to understand that his soil is being torn down. Strangely enough some practices which result in increased crop yields are means of tearing down the soil. Drainage, crop rotation and tillage are admirable practices and increase the yield of crops but yet it must be true that increased yields have taken out of the soil, some things that were necessary for their production. The larger the crop secured the more there is removed and by this much is the soil torn down and depleted of its real fertility. This demands a greater effort to replace the things removed and the first step in outlining a system of soil fertility to be followed is to realize what and how much is being taken from the soil."

"CASCARETS" THE BEST LAXATIVE

If Constipated, Bilious, Headachy, Stomach Sour, clean your sluggish bowels tonight sure.

Get a 10-cent box now.

You men and women who can't get feeling right — who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

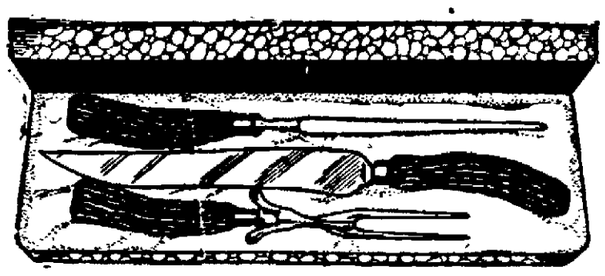

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good — never gripe or sicken.

MT. VERNON MAN HAS 38-CALIBRE BULLET IN BRAIN

Mt. Vernon, Dec. 11.—Albert Grassbaugh, who attempted suicide Monday evening at his sweetheart's home, when she refused to see him, still lives, though he has a 38-calibre bullet in his brain. The course taken by the leaden missile resulted in partial paralysis and Grassbaugh has been blind since the accident. When he called Miss Alice Durbin by telephone to make an engagement with her she refused to see him. He went to her home, fired two shots through a window and then sent a bullet into his own head. One of the bullets which entered the house, shattered the back of a rocking chair which Grassbaugh thought was occupied by the girl. Though rational at times, Grassbaugh has not talked of the shooting except to say that he is sorry he did it.

Mrs. Helen Britton, Only Woman Baseball Magnate, on the Job

Mrs. Helen Britton, owner of the St. Louis National league baseball club, was one of the interested baseball magnates at the meeting of the National league presidents in New York when Governor John K. Tener of Pennsylvania was chosen president of the league.

Of course, Mrs. Britton in person did not sit in the meeting of the eight baseball club presidents who chose Governor Tener, because her husband is the president of her club. But he voted for the governor all right, and he voted as his wife wished.

Mrs. Britton was much in evidence about the corridors of the Waldorf-Astoria, where the baseball men and magnates gathered, and many a fanning bee she held with the stars of the diamond who were there. She was so stylishly dressed that she attracted much attention, and was pointed out to all the New York women who flock the corridors of the hotel every afternoon and evening.

MEN OF SECOND PRESBYTERIAN TO GIVE SUPPER

The common talk of a "woman's church" is not heard any longer in Newark. The men of the city have entered into the activities of the different churches with so much vim and vigor that it is not unusual in many of the services to see as many men as women. The Second Presbyterian church is not behind the other churches in this respect. Friday evening of this week the men of Judge Fulton's Bible class will serve a splendid dinner of three courses to all the men of the congregation, and they will not be assisted in any way by the women.

Col. W. C. Wells will be the head chef and under him in the kitchen will be found such renowned cooks as C. L. Vanatta, C. F. Parks, J. U. Barber and D. D. Tullis.

The aggregation of expert waiters will be led by E. T. Johnson, and it will be worth your while to see them step the lively trip with trays of steaming soup. All [illegible] must be made before dinner is served to prevent accidents.

The reception committee, composed of the distinguished men of the community will be headed by W. L. Prout. He will be assisted by some twenty-five men who have been received at some of the finest courts [illegible] of Europe.

The music will be under the direction of Professor J. W. Horner, assisted by his Stafben [illegible] Quartette.

Official Bread.

This is the way to make official bread, given by the chief cook of the department of agriculture:

"For three pound loaves—make ferment of one yeast cake compressed yeast, one ounce granulated sugar, half ounce salt and twenty ounces water. Place in oven temperature for an hour. Weigh four and one-half pounds flour and let it warm. Mix flour and ferment together. Cover mixture and warm for twenty minutes. If dough is too stiff add lukewarm water. After twenty minutes more take up dough with hands slightly greased and fold over and over fourteen times. Cover, set aside for twenty minutes; then fold nine times. After twenty minutes more mold into loaves and bake forty minutes in a steady oven 400 to 410 degrees F. A cup of water in the oven will make a tenderer crust."

WINTER CIRCUS BY COLUMBUS ELKS DEC. 22

Columbus, Dec. 11.—One of the most novel attractions of Columbus during the Christmas Holidays will be the Elk's Winter Circus, to be held at Memorial Hall during the week of December 22. The delights of an indoor circus in the winter can scarcely be imagined by those who have never attended one of these unusual events. It goes without saying that the affair will be a success in every particular, as the local Elks, and especially those directly responsible for the affair are all practical men of affairs.

George Chennell, chairman of the committee of arrangements has been identified with many successful movements. He will co-operate with Frank P. Spellman, the man who took the "cus" out of circus, and who injected in the vacuum genuine success, and lifted higher the standard of that sort of entertainment.

One of the special features of this winter circus will be the family of bears—great handsome fellows— and roly-poly cubs as playful as kittens. These bears, many of them, have been taught all sorts of clever tricks. They are the identical bears, who, for two years held their own against all comers at the New York Hippodrome, where they were the center of attraction. It is hard to grasp the magnitude of this wonderful animal act—an act which offers a genuine lesson in natural history.

Another feature, an ariel act, will bring the Lunetti Sisters, "The Human Butterflies" to this city for the first time. These beautiful young women are the highest salaried artists in the business, and as daring performers they have no equal. However, they do not sacrifice beauty to daring, but combine the two with unusual skill. These artists will appear twice daily, both afternoon and evening. The Lunetti Sisters present the most thrilling—death defying act possible, and their gymnastic stunts surpass all other efforts along this line. The interurban lines are making preparations for extra cars for their patrons at special rates.

TONS OF POULTRY SPOILED DURING WARM WEATHER

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 11.—Reports received by the department of agriculture from all over the country tell of an unprecedented spoilage of dressed poultry during the unseasonably warm weather preceding Thanksgiving Day. In view of the scarcity and high prices of meat foods, the department experts regard such a universal waste as almost a calamity.

It is stated that not a single pound of this poultry would have been wasted had shippers and handlers followed proper methods of chilling, dressing, storing and handling of poultry. Poultry dealers are urged to follow suggestions of the department in the handling of their goods in order to prevent a repetition of this waste at Christmas time.

"The value of poultry destroyed in New York City by the board of health around Thanksgiving amounted to more than $100,000," says a statement issued today, "and this is but little when compared with the quantities which dealers refused through their own initiative. Many tons of these products went to the fertilizer or creamatory."

FAR NORTH TO BE INVADED BY PAINTER

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 11.—The far north has invited another explorer to its wilds. Jacques Suzzane, a painter and huntsman, will start from here in a few days with the hope of placing his easel further north than ever painters did before. He has a number of Eskimo dogs, one of which was presented to him by Admiral Peary. He has already lived among the Eskimo of northern Russia and is experienced in Arctic exploration. His real invasion of the wilderness of ice will be made next spring by way of Labrador and Barre Island.

A similar feat was accomplished several years ago by Alexander Borrisoff, a famous Russian painter, who covered Spizbergen and the straits of Nova Zembla and the Kara sea, painting pictures in weather so cold that his paints congealed before he could spread them on the canvas.

A REAL SANTA CLAUS.

Santa Claus, I hang for you
By the mantel stockings two—
One for me and one to go
To another boy I know.

There's a chimney in the town
You have never traveled down.
Should you chance to enter there
You would find a room all bare:
Not a stocking could you spy,
Matter not how you might try.
And the shoes you'd find are such
As no boy would care for much.

In a broken bed you'd see
Some one just about like me
Dreaming of the pretty toys
Which you bring to other boys.
And to him a Christmas seems
Merry only in his dreams.

All he dreams, then, Santa Claus
Stuff the stockings with, because
When it's filled up to the brim
I'll be Santa Claus to him'

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Boys! Get a 25 cent bottle and try a "Danderine Hair Cleanse"—Save your hair!

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

Readers' View Point

Remember Father.

A Newark man received a letter yesterday from his aged father in another city and it read something like this:

"Dear Son:

"Do you remember the time when we were all together in the old home before the circle was broken by death? Does it ever occur to you that your old father gets lonesome sometimes and would like to see his children? I want to say to you that the best Christmas gift you could send me would be a letter telling me you intend to spend Christmas with your old father.

"The boy who goes out from home to make his way in the world does not mean to be forgetful or neglectful. He cares for the 'Old Folks at Home.' But he is busy with his own problems, and time steps by faster than he thinks. It is different with the parent. He is living in the past. He thinks of the boys and girls who used to be around his knees but are now scattered far from home. He gets more and more lonesome and the longing to see them grows stronger. He thinks of them by day he dreams of them by night. He knows it won't be long until he must say good-bye to them, and start on his voyage to the Unknown Shores and the nearer the time for parting comes the greater his longing to see them.

NAUGHTY BOOKS MAY BE BARRED FROM U. S. MAIL

[ASSOCIATED PRESS TELEGRAM]

Cleveland, O., Dec. 11. — Anthony Comstock of New York, vice crusader and purity league leader, will be asked to come to Cleveland to aid an investigation here of certain books which federal officers have ruled are not fit for public reading. A copy of one recent novel which is circulating here was sent by the United States district attorney's office to Chief Postoffice Inspector Joseph P. Johnston at Washington today, with a suggestion that it be refused admission to the mails.

Stomach Troubles Disappear.

Stomach, liver and kidney troubles, weak nerves, lame back and female ills disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Eliza Pool of Depew, Okla., writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed, 50c and $1.00. Recommended by Frank D. Hall.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD—CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat, clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

"Peg o' My Heart."

The reservation of seats begins tomorrow at the box office of the Auditorium for the forthcoming engagement of Mr. Oliver Morosco's production of the J. Hartey Manners' comedy triumph, "Peg o' My Heart," which plays an engagement of one performance on next Monday evening. It is the best of the Morosco companies to reach this city, and is sure to be welcomed most heartily, as his fame as a high class and conscientious producer has spread the entire country over.

The selection of Manager Hamilton of this noted comedy, is most happy, and society generally is preparing to accord it, distinct favor.

The company to be seen here is said to measure up to the New York cast, which is headed by Laurette Taylor, and includes the little Irish-American actress, Peggy O'Neil, who has scored a big hit in all the cities where she has appeared. Others are Martin Sabine, Fraser Coulter, Karra Kenwyn, Roland Hogue, Ohn Field, Jane Meredith, A. T. Hendon and Joseph Yanner.

"Everywoman."

By far the most interesting production of recent years, the dramatic spectacle, "Everywoman," with which the public has become familiar through the New York press dispatches and magazine articles, will be seen at the Auditorium, Wednesday and Thursday, Dec. 17 and 18, with Thursday matinee, when Henry W. Savage will offer his splendid performance which comes direct from long engagements in the eastern cities without a change in the company or a member of the large organization. The cabled accounts of the great success the piece achieved in London at the Drury Lane Theatre establishes the fact that "Everywoman" has as strong an appeal in foreign lands as it has had in America. The play defies the ordinary classification of the theatre. It is not, strictly speaking, opera, musical comedy or drama, while partaking of many of the more attractive features of all of them. It was suggested to the author, the late Walter Browne, by the ancient morality play, "Everyman," which was performed throughout America a few years ago by a band of English players, including Edith Wynne Matthisson, under the direction of Ben Greet. There is, however, not the slightest similarity in treatment, for "Everyman" was gloomy and morbid, while "Everywoman" is a delicious satire on the frailties of the fair sex, carrying with it a message that is universal. The production as it stands represents a cash outlay of upward of $60,000. Mr. Savage has declared that he considers "Everywoman" the most important triumph in his career as a producer. The music which is symphonic in character, is interpreted by a special symphony orchestra carried by the company. It was composed by Geo. Whitefield Chadwick, dean of the New England Conservatory of Music of Boston. Dr. Chadwick is the composer of several famous symphonies which are performed annually by the Boston Symphony Orchestra and all the great orchestras of the world. Over one hundred and fifty people appear in the production which is undoubtedly the largest musical and dramatic organization ever toured. Sale of seats starts Monday. Mail orders now.

At the Orpheum.

Thursday, Friday and Saturday: The Great Salindo, the man who tames electricity, making a plaything of death. Salindo lets 250 volts of electricity pass through his body by means of carbon producing electrical effects of 1500 candle power, sufficient to kill four ordinary men.

Fanny Wise, formerly prima donna of Williams and Edwadrs show, positively one of the best single attractions in vaudeville.

Howell, illusionist, special attraction. The only act of its kind that has appeared here this season.

Rowley and Gay, greatest comedy singing, talking and real Scotch dancing. Rowley and Gay are famous in their Scotch act.

Two new runs of pictures. Matinee daily.

SUSPECT HELD TO GRAND JURY IN $200 BAIL

George Smith, arrested by Patrolmen Buehler and Bescowen and held for investigation, was charged in Mayor Swartz's court Thursday morning with having in his possession contraband articles, dynamite caps and a bar of soap, both articles being a part of the equipment used by safe cracksmen. He pleaded not guilty and declared that the dynamite caps were to have been used in blowing stumps "for a friend."

"Who's the friend?" asked Police Chief Sheridan.

"That's my business," was Smith's retort.

Mayor Swartz held him to await the action of the grand jury, fixing his bond in the sum of $200. He is now in the county jail.

His companion, James Moore, who fleeced Newark people by posing as a deaf mute, was fined $5 and costs on a vagrancy charge and was also sent to the county jail.

Ed. Thompson, a third member of the party, was dismissed from custody, there being no charge on which he could be held. Photographs were made of the three men and the police officials will make an effort to learn if they have any police records.

TRANSPARANT GOWNS ARE DENOUNCED BY CLEVELAND WOMEN

[ASSOCIATED PRESS TELEGRAM]

Cleveland, Dec. 11.—Cleveland and Cuyanoga county women club members are today being enlisted in a war against present-day modes of feminine wearing apparel.

The movement follows an attack on prevailing styles made last night at a convention of the county W. C. T. U. when resolutions were adopted which recited that "whereas many women are given to immodesty as expressed in wearing apparel and whereas this body believes such a practice tends towards the demoralization of society, the destruction of homes and the extension of the white slave traffic, therefore, be it resolved that we condemn all transparent wearing apparel or any other kind which unduly exposes the form or figure of women, and take a stand for simplicity and modesty, which are expressions of character in dress."

The club women plan to reform the garment makers themselves if possible. If the designers refuse to listen, the leaders of the crusade declare they will find other means to accomplish their object.

W. C. T. U. organizations in other cities will be enlisted in the undertaking which it is hoped to make countrywide.

"There seems to be no individuality among women now," said Mrs. Emily Warner, one of the leaders. "They wear what men tell them because the designers are nearly all men."

MAGNESIA CLEANS.

For cleaning laces and delicate fabrics magnesia is perhaps the most reliable substance.

It may be bought either in powder, or in lumps.

It should be sifted or rubbed on the parts to be cleaned and laid away in a box or drawer for a day or so undisturbed.

When it is taken out the garment should be shaken well so that the powder is thoroughly shaken out of it.

The magnesia absorbs the dust or grease, which is thus shaken out of the garment

If it is not all removed before wearing, the powder left will go on absorbing dust from the air and the objects with which it comes in contact, leaving a dirtier spot than before

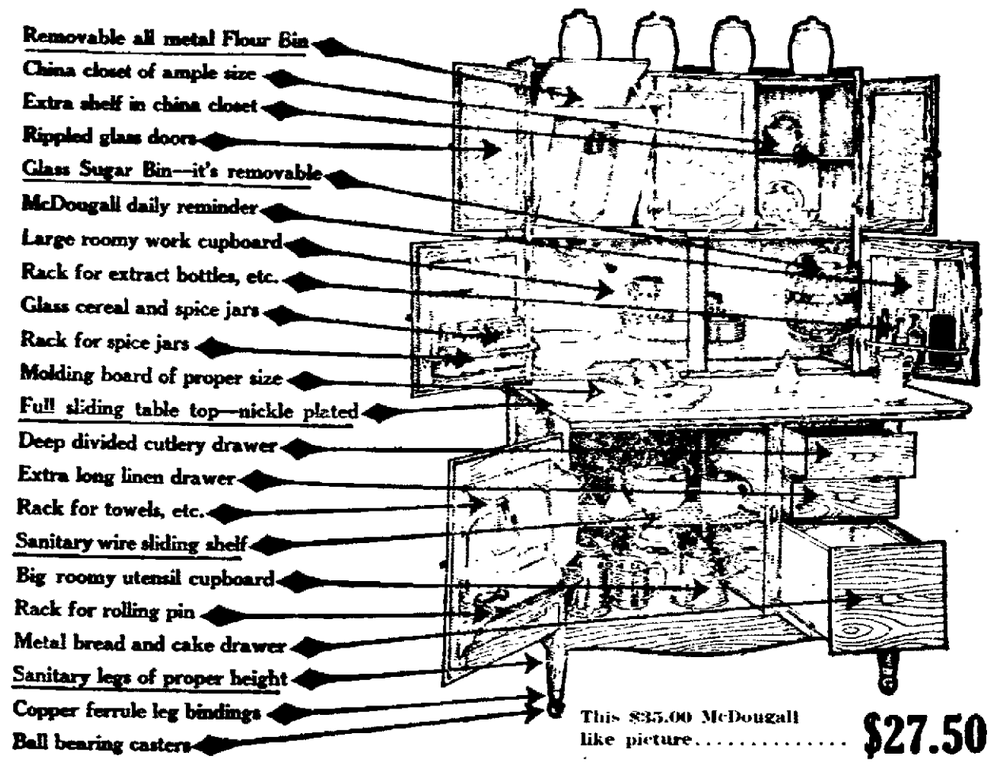

It is a good plan to put the magnesia on party dresses and other light frocks that have become partly soiled when putting them away, whether they actually need to be cleaned or not: then when they are taken out and shaken they are as fresh and dainty as when they were new.

Martin Sabine in "Peg o' My Heart," at Auditorium, Monday, Dec. 15.

JOHN PARKS CELEBRATES 90th BIRTHDAY

Came to America Over 80 Years Ago And Was 136 Days Crossing Atlantic Ocean.

Mr. John Parks, one of Licking county's oldest residents celebrated his ninetieth birthday anniversary on Wednesday, Dec. 10.

Mr. Parks who is in fairly good health, came to America from England, 81 years ago, sailing from London in the winter of 1832 with his mother, two brothers and two sisters, his father having reached America the preceding year. Travel in those days was slow and dangerous. The mother started upon her long journey alone with five children, the oldest of whom was John, aged nine years. They sailed from England on the ship "Sammy Robinson" and were 14 weeks and three days making the trip to New York. Mrs. Parks sent word to her husband in Newark, N. J., and he met them in New York. After five years' residence in Newark, N. J., the family came to Hebron, Ohio. Here John was married when twenty-one years old to Sarah Ann Irwin and to them two children were born. They are Mrs. Harvey Snelling and Mrs. Frank Hartman with whom Mr. Parks now makes his home his wife having died in 1879. Mr. Parks has living six grandchildren and seven great grandchildren. He is the only surviving member of the Parks family. His father reached the age of ninety.

Mrs. Snelling and Mrs. Hartman both reside in Hopewell township, nine miles southeast of Newark on the Brownsville road.

Mr. Parks retains his memory and loves to tell of his adventures on board the ship. It took him 136 days to cross the Atlantic. Nowadays the trip is made in five or six days.

ENJOYED FINE LUNCHEON AT BUCKEYE LAKE

A number of friends boarded the 2:20 Ohio Electric car Wednesday afternoon and surprised Mr. Edward Schaller at the Old Homestead cottage at Buckeye Lake Park where he is spending the week hunting and fishing. Although taken by surprise Mr. Schaller was equal to the occasion and after taking an inventory of his larder soon had a steaming supper ready for his uninvited guests, consisting of fried coon and possum, sun fish and bass and a big pot of palatable ham and beans. Mr. Schaller ably demonstrated his ability as chef par excellent and as a host proved a royal entertainer. The surprisers had expected to find Mr. Wm. H. Broom at the lake also but important business had called him to the city, he having passed the invaders in another car on his way to Newark. It is hardly necessary to state that all present enjoyed the good things provided by the host who gave them all a special invitation to call again when he ould be better prepared to care for them. Among the twenty guests presented were Prof. H. E. Stutz and Thomas McKelly of Columbus and ex-Assistant Sergeant-at-arms of the Ohio senate, Thomas O'Donnell of Coshocton, the first and last named gentleman favoring the gathering with a number of vocal selections. An impromptu program of short after dinner talks was indulged in and 'Squire David Figg related a number of interesting anecdotes. Victrola music was furnished by the host's brother, Mr. Charles Schaller, and an old-fashioned stag quadrille was also enjoyed. Al Holtsberry calling the figures to the accompaniment of mouth harp music played by "Shorty" Adams.

MOOSE ENJOY FINE BANQUET LAST EVENING

Nearly 300 members of the Newark lodge, Loyal order of Moose assembled at banquet tables in the Moose quarters, Hibbert & Schaus building, Wednesday night, and enjoyed a delightful supper, after which there was a big meeting-acquainted session in the club room, in which officers and prominent members of the order were called upon for remarks.

The general trend of addresses was to encourage the active fraternal spirit, making unity and harmony prevail for the upbuilding and growth of the lodge in Newark, which now has over 500 members. Charles Duerr presided part of the time as chairman of the evening and was succeeded in the chair later by Col. George H. Hamilton, supreme lecturer of the order.

Col. Hamilton spoke at length, and with his customary application of wit, on the necessity for keeping down all sentiments which are opposed to united effort in behalf of the bigger things for which the order stands. Other speakers of the evening were Organizer Charles Lake, Dr. C. L. Loveless of Granville, Dr. H. [illegible] Baker, Ralph Norneil, Dr. P. H. Cosner, Dr. A. V. Davis and Deputy County Treasurer Weekly.

The menu was the subject of much comment. It was a happy selection of delicacies prepared by I. M. Clagget, proprietor of the Arcade dairy lunch room, and former steward of the Moose club. He was assisted by the serving committee. The menu included roast beef, sweet potatoes, cranberry sauce, celery, olives, pickles and coffee.
